

PYRENEES QUARRIES PHOTO GALLERY

We consider ourselves highly privileged in that we supply stone, in many and varied shapes and forms, to an incredibly gifted and versatile group of artists, designers, builders, landscapers, cabinet makers, sculptors and artisans. We have asked them to share some of their work, using our stone, with you. Prepare yourself for a visual feast!

This restful and serene setting has been created using feature rocks in Yapeen sandstone. Landscaping designed and created by Tranquil Grove Open Garden and Landscaping

Pyrenees Quarries stock a good range of basalt boulders. Here they are shown to full advantage in a striking landscape designed and created by Tranquil Grove Open Garden and Landscaping

This dramatic and powerful setting has been created with Pyrenees quartzite feature stones. Landscaping designed and created by Tranquil Grove Open Garden and Landscaping

A quirky eye-catching garden feature using Pyrenees offcut random paving. Landscaping designed and created by Tranquil Grove Open Garden and Landscaping. Tranquil Grove open garden and landscaping has expertise in using stone to create interesting and beautiful gardens. As a Castlemaine business we work closely with Pyrenees Quarries to source rocks which will create a unique, dynamic and pleasing garden, both small and large scale. Contact details: Tranquilgrove@sctelco.net.au or on 03 5472 2611.

Elegant and timeless – this pod basin set in a benchtop of dark Pyrenees Slate with natural pyrite, designed and manufactured by Boyd Alternatives. Visit their website to see more superb designs. Website: www.boydalternatives.com.au Contact details: Deborah Boyd phone 03 5472 5518.

Stone and steel combine beautifully in this decorative table base with steel frame and cast iron feet. Table base was designed and created by Tait Decorative Iron of Castlemaine. Table top created by Pyrenees Quarries. See more works by Tait Decorative Iron on their website at www.decorativeiron.com.au Contact Neil Tait on 03 5472 3569 or email at tait@gcom.net.au

This photo speaks for itself! What more could we add? This stunning home is built from our own "Chooky" Sandstone and features an exquisite fountain created by Billman's Foundry.

To see more works by Billman's foundry, check their website at:
www.billmansfoundry.com.au

Contact details: Billmans Foundry, Langslow Street (PO Box 242), Castlemaine Vic 3450, Ph: 03 54724302 Fax: 03 5470 6933. Email: info@billmansfoundry.com.au

Billman's Foundry - specialising in Heritage and Engineering Work in Bronze, Cast Iron and Aluminium

Dry stone walls are a timeless, classic garden feature and this is clearly evident in this section of dry stone wall, built using Pyrenees Quarries "Chooky" sandstone. Landscaping designed and created by Neale Edwards Garden Design. For more information, visit their website at: www.negardendesign.com.au Contact details: Email: neale@negardendesign.com.au Contact Neale on 03 5439 3969 or 0428 393233

A work in progress! Neil Davis Landscaping is using Yapeen sandstone and Pyrenees walling stone to create an attractive yet highly functional BBQ corner in this garden.

There are a million ways to use our stone! Your imagination is the only limit. Neil Davis Landscaping has designed and created this delightful garden feature using Pyrenees feature stones.

A stone "sampler". Neil Davis Landscaping has used Yapeen sandstone in the wall on right, bluestone pavers on the left wall, centre steps are in black slate and the front step is a Pyrenees natural shaped step. Neil Davis Landscaping of Bentleigh East. Contact details: Phone 0417 170149. Email: ndavis@7mail.com

Sleek, sophisticated, stylish. Smart Stone “Gelsomino” reconstituted stone has been used to create the benchtops in this elegant kitchen, designed, manufactured and installed by Bourke’s Kitchens of Bendigo, with benchtops manufactured and installed by Pyrenees Quarries Pty Ltd.

Another view of this smart kitchen, created by Bourke’s Kitchens of Bendigo, with benchtops by Pyrenees Quarries Pty Ltd.

Wow! Cooking would never be an unpleasant task in a kitchen like this! This magnificent kitchen has been designed, manufactured and installed by Bourke’s Kitchens of Bendigo. Benchtops were manufactured and installed by Pyrenees Quarries Pty Ltd using Smart Stone “New Sandstorm” reconstituted stone.

This kitchen designed, manufactured and installed by Bourke's Kitchens, Bendigo, benchtops manufactured and installed by Pyrenees Quarries Pty Ltd.

This superb kitchen was designed, manufactured and installed by Bourke's Kitchens of 176 Murphy Street, Bendigo, Vic, 3550. Phone 03 54417786. See more of their sensational designs on their website at: www.bourkeskitchens.com.au

Eye-catching yet solid and durable, this wall was built to stand the test of time, using Harcourt granite veneers, sourced from Pyrenees Quarries and created by The Stone Man (Vic) Pty Ltd

Harcourt granite veneers make a smart yet functional statement, in this wall created by The Stone Man (Vic) Pty Ltd

Stone retaining wall by John Sutherland of J S Sutherland Garden Constructions of Greensborough

J S Sutherland Garden Constructions of Greenborough designed and built this terraced back garden using Pyrenees select building stone wall and sandstone steps with hand-chipped front edges. For enquiries and for all garden design, construction and maintenance, contact John Sutherland, phone 03 9434 6950, 0417 548175

Chooky Yellow select building stone walls and piers have been paired with black slate bullnosed capping to create a formal entrance to this Castlemaine property. Stonework by Glenn Phillipson, Stone Mason ~ for all your stone, brick laying and paving requirements, phone 0407 825293

Stonework by Glenn Phillipson phone 0407 825293

Another view of this formal setting in which Glenn Phillipson has used Chooky Yellow building stone, black random slate paving and black slate coping. Glenn Phillipson phone 0407 825293

Yellow Mint Sandstone flagstones interspersed with river pebbles create a formally structured yet low-maintenance garden area – landscaping by Peter Milne of Castlemaine, phone 0427 843638 or 03 5472 3102

Pyrenees Quarries apprentice, Nathan, drills holes into the polished Adelaide Black granite set into a solid Pyrenees feature stone where internationally renowned mosaic artist Helen Bodycombe will work her magic with Murano glass “stars” in the Victorian Care Leavers Memorial.

At Pyrenees Quarries, mosaic artist Helen Bodycombe puts the finishing touches on the Care Leavers Memorial, designed and created by Helen, commissioned by the Victorian State Government as a tribute to the Forgotten Australians. The Memorial, developed in collaboration with Castlemaine's own Pyrenees Quarries, is a granite and Pyrenees slate sculpture. Helen can be contacted on 0413 278793, 03 54734453 or Helen@hbmosaics.com. Website: www.hbmosaics.com

Care Leavers Memorial of Pyrenees stone and polished Adelaide Black granite, in situ – located beside the Yarra River at Southbank, Melbourne

Tucked into the side of a gorge in the Central Victorian bush, this modern home takes full advantage of the views offered. Feature walls inside and out are made from Pyrenees pitch-faced blocks, with the stonework carried out by the stonemasons at Stone Scene Northumbria of Castlemaine. Contact Billy Elliott on 0419 880052

An inside view showing one of the Pyrenees pitch-faced block feature walls, with stonework carried out by Stone Scene Northumbria. Contact Billy Elliott on 0419 880052

At Pyrenees Quarries we can custom make most stone requirements. Here our apprentice stonemason, Ethan, carves the owner's initials and year into a basalt key stone, to be used on an extension on a historic homestead.

Pyrenees selected building stone has been used to great effect with this garden feature wall to create a visually pleasing wind break and privacy barrier, Stone work by Jai of Art with Stone Phone 0400 196593.

This stretch of Rust slate flagstones blend with the natural bush setting of the property and ensure no more dust and no more mud is tramped inside – Stonework and paving by Jai of Art with Stone Phone 0400 196593.

An outside wall including pizza oven and fireplace have been constructed from Chooky selected building stone, with stonework by Jai Art with Stone, Phone 0400 196593

The cabinetry in this new kitchen has been crafted and installed by cabinet maker and wood craftsman, Gerard Bugden, of the The Woodshed Gallery, 21A Raglan Street, Daylesford. Phone 03 5348 4050. The Carrara marble benchtops were manufactured and installed by stonemasons at Pyrenees Quarries.

This kitchen will look superb when finished – this photo shows the unfinished cabinetry and Carrara marble benchtops, with tops by Pyrenees quarries and cabinets by Gerard Bugden of The Woodshed Gallery, Daylesford.

Sculptor and artist Darryl Young has created many sculptures to enhance his garden in the pretty goldfields town of Maldon. Here he has used Pyrenees feature stones to create this work. For landscaping sculptures, contact Darryl Young, phone 03 5475 1022

Another garden artwork with iron hoops on a Pyrenees stone bed, by Darryl Young

A seat made from a Pyrenees slab is tucked into a quiet corner of Darryl's garden.

Pyrenees shards form a small group of standing stones each side of the pathway in Darryl's garden

A bower-bird from way back, Darryl has used a piece of honed "Adelaide Black" granite as a seat insert in this antique cast iron frame which huddles into the lush growth.

Stonemasons at Pyrenees Quarries cut the hole in this large Pyrenees slab which Darryl Young has used as an integral part of this striking garden feature which he created. For landscaping features and sculptures, contact Darryl Young, phone 03 5475 1022

An “old world” entrance way was created from Chooky selected sandstone to divide the front yard from the expansive garden at the rear of the Darryl’s property. Stone wall designed by Darryl Young and stone work was carried out by Billy Elliott of Stone Scene Northumbria, Castlemaine, phone 0419 880052

Inside the wall and looking out - Stone wall designed by Darryl Young and stone work was carried out by Billy Elliott of Stone Scene Northumbria, Castlemaine, phone 0419 880052

Another view of the garden wall designed by Darryl Young, with stone work was carried out by Billy Elliott of Stone Scene Northumbria, Castlemaine, phone 0419 880052

Pyrenees stone has been cut into blocks and carved to provide strong legs for this cauldron in a garden feature in Darryl's garden. Pyrenees stone blocks are also used as legs for the wood slab seat in the rear of the photo.

A cast iron hoop and Pyrenees stones link in this garden sculpture tucked into a quiet corner of Darryl's garden. Designed and built by Darryl Young, phone 03 5475 1022

A cool spot to rest on a hot day. Pyrenees terracing rocks provide seating for quiet contemplation among the gum trees in Darryl's property. For landscaping features and sculptures, contact Darryl Young, phone 03 5475 1022

A garden wall constructed from Wistow building stone, sweeps this property. Wistow building stone and random paving supplied by Pyrenees Quarries. Stonework and landscape design carried out by David Swan Landscape Construction of Sorrento. Phone 0418 547609 or 03 9682 2200
